- 7 Harris, J. R. (1998), *The Nurture Assumption: Why Children Turn Out the Way They Do*. New York, NY: Simon and Schuster.
- 8 Trebalo bi da naglasim ovu tačku jer je veoma važna. Trauma iz ranog života ostavlja dubok uticaj na

perfekcionizam. Zaista, u izveštajima o slučajevima i na preko stotine kliničkih studija, perfekcionizam je dobro dokumentovan mehanizam za suočavanje sa zlostavljanjem. Nisam klinički psiholog pa ne mogu da pričam o tim stvarima sa autoritetom. Niti bih, iskreno, trebalo da pokušavam. Ova knjiga baca svetlo na perfekcionizam kao kulturni fenomen, što će reći na perfekcionizam koji pogađa sve u celini. Čitaoci zainteresovani za ranu traumu i perfekcionizam mogu da pogledaju odlične knjige: *Overcoming Perfectionism*, Ann W. Smith (1990), i *Perfectionism: A relational approach*, Paul Hewitt, Gordon Flett & Samuel Mikail (2017).

 - 7 Ono što Herington ovde govori jeste da nema sigurnog „zelenog“ rešenja koje će nam omogućiti da sledimo trenutne putanje ekspanzioniziranog rasta a da u nekom trenutku ne padnemo u „obrazac kolapsa“. Ovo gledište deli i energetski ekonomista Tim Morgan. „Glavni podsticaj rasta u industrijskoj eri – jeftina cena nafte, prirodnog gasa i uglja – opada“, piše on u eseju *Dinamika globalne promene cena*. „Tranzicija na obnovljive izvore energije je imperativ“, nastavlja, „ali nema garancije da ekonomija zasnovana na turbinama na vetar, solarnim panelima i baterijama može biti velika kao današnja ekonomija zasnovana na fosilnim gorivima – verovatnoća je da će biti manja.“ Tehnologija će, nesumnjivo, biti jedan od odgovora na „problem rasta“, i to veoma važan. Ali to neće biti zagarantovano rešenje, kako mnogi misle. Pored inovacija na putu ka održivoj budućnosti, takođe ćemo u jednom trenutku morati da računamo na činjenicu da će biti potrebna stabilna ekonomija kako bi se

- izbegao taj obrazac kolapsa. I umesto da to vidimo kao egzistencijalnu krizu, mogli bismo na to da gledamo kao na priliku da preispitamo svoje prioritete i umesto toga izbalansiramo ekonomiju.
